

Pure expands successful Classic line with two Internet radio versions

2025-05-21 - [Pressroom](#)

Discover the Pure Classic H4i and Classic C-D6i Internet Radios

Pure continues to raise the bar in premium home audio with the launch of two next-generation **internet radios**: the **Classic H4i** and **Classic C-D6i**. These new additions to the beloved Classic range combine timeless design with advanced technology to offer an **exceptional listening experience**.

With access to thousands of **internet radio** stations, seamless streaming, and intuitive controls, the **H4i and C-D6i** open up a world of audio possibilities—from global radio to your favourite podcasts and more. If you're searching for the **best internet radio** or a versatile **DAB internet radio**, look no further. These devices also function as seamless **WiFi radios** for your home.
