Three little birds, Aqipa goes Switzerland and Milo in Action

Whose bird song is it?

Only our custom aviators are making noise! We have made a major acquisition, celebrate the launch of the Woodland series with Pure and are continuing to beat Milo... and you, we met many of you at a few cool trade shows recently.

Make Claps and Thumbs! - our partner brand Pure has launched a fun new game for this fall to celebrate the launch of the Woodland series (**Woodland** and **Woodland Chase**). Consumers can enter for a chance to win a birdhouse or many cool prizes from Pure. When was the last time you heard a bird singing and could you tell the difference between a nightingale and a woodpecker? Let your customers join the fun!

We are very proud to announce that Agipa has agreed with **Thai AG** to increase our share to 100%, further strengthening our pan-European footprint. The existing managing structure and Thai brand will remain intact and we are looking forward to many more successful years with our Swiss colleagues and partners.

After this year's Photopia, we look back on four successful days at the fair, where we met many new and interesting people. Visitors had a great time at our booth with in-house camera equipment from GoPro, the chance to test their own thermal camera and not forgetting the action-packed camera running presented by GoPro. This year we also attended at the Ringfoto trade fair in Regensburg. The event provided a fantastic platform for us to showcase our latest photography and imaging products from Polaroid, GoPro and GoTime, as well as to connect with photography enthusiasts and professionals. Agipa's presence at the trade fair was a resounding success, we can't wait to see what the future holds!
