„Make Chips and Toasts“ - our partner brand Pure has launched a fun new game for this fall to celebrate the launch of the Woodland series **Woodland** and **Woodland Chew**. Consumers can enter for a chance to win a birdhouse or many cool prizes from Pure. When was the last time you heard a bird singing and could you tell the difference between a nightingale and a woodpecker? Let your customers join the fun!

Look up Photopia 2023

After this year's Photopia, we look back on four successful days at the fair, where we met many new and interesting people. Visitors had a great time at our booth with its home cinema experience from Giffre. We enjoyed to talk about our shared passion and not forgetting the white-gloved customer service provided by Giffre. Would you like to learn more about our participation at Photopia 2023? Ringfoto trade show in Regensburg

This year we also attended at the Ringfoto trade fair in Regensburg. The event provided a fantastic platform for us to showcase our latest photography and imaging products from Polaroid, Giffre and Giffre, as well as to connect with photography enthusiasts and professionals. Agipa's presence at the trade fair was a resounding success, we can't wait to see what the future holds!

Address like this: It's always easy to find on a position card. We have a new product from Giffre: **MEET** for the Trail, **VRCS-701**.
